

How to make sure that you can get on to Zoom

If you have not used Zoom before, here are the instructions.

You need to have a smart phone, a tablet or a computer with a camera and microphone

If using a phone or tablet ...

you will need to download the Zoom app and set up an account. That's pretty quick. The app looks like the picture below

If using a desktop/laptop computer ...

Go to www.zoom.us and select Join a Meeting. You will need to put the Meeting ID in that we will send you. You may also need a password which we will also send. It is also possible but not necessary to install Zoom on your computer. Alternatively you can click on the https link that we send.

We will open the meeting at 2.45 for the 3pm start or 6.45 for the 7pm start, to iron out any difficulties. The singing will start at 3pm and 7pm.

Everyone will need to be muted during the singing as latency delays make it impossible to synchronise our singing

If you would like to learn more about Zoom ...

Take a look here, this will help you get going and you'll quickly become an expert!
